Dear Margo,

We hope this finds you and everyone at the Department well and in good spirits. We really did enjoy working with you all, and would very much like to keep in touch.

Recently, we heard from Firoz Cachalia that the Welfare Department had submitted for legislative enactment only three of the six bills you all drafted, and had withdrawn three. As you know, we very much need feedback about whether and how well the learning process worked (problem-solving step #4: monitoring and evaluation) so we can improve it in the future. For this reason, we would be very grateful if you could let us know:

1) Which three bills the Department finally submitted for enactment, and whether they were in fact enacted;

2) Which three bills were withdrawn, and the reasons for their withdrawal.

If you could send us whatever information you can on these two questions, either by FAX (617-353-0377) or by e-mail (aseidman@bu.edu), we would really appreciate it.

If you have time, we would also appreciate hearing whatever reflections you or the others who worked on the project have about how we could improve the learning process.

Meanwhile, please give all our friends there our warmest regards.

As always,

Ann and Bob
